Our mission at Outdoor Warehouse Supply is to CONVENIENTLY provide our customers with the HIGHEST QUALITY MATERIALS at COMPETITIVE PRICES while providing the BEST CUSTOMER SERVICE possible.

Our Story

Founded in 2014 by Brad Taylor and Cole Taylor, Outdoor Warehouse Supply was born with the vision of being a one-stop landscape material supplier. With over 40 years experience in the landscape, pool, and outdoor living industry, the Taylor’s decided to take their experience to the wholesale distribution side of the industry.

A strong partnership with The Pavestone® Company, helped kickstart Outdoor Warehouse to a strong initial year of business.

What Makes Us Different?

One thing that makes Outdoor Warehouse Supply different from many competitors is the fact that OWS is both WHOLESALE AND RETAIL. Our vast customer base consists of landscape companies, pool builders, masons, general contractors, custom home builders, and homeowners.

We offer multiple tiers of wholesale pricing based on customer volume and we have measures in place to make sure our contractor’s wholesale prices are protected from the retail customer.

Why Pick Us?

The 2.4 acre Plano, TX distribution facility stocks a variety of bulk soil and granular products, natural stone, Pavestone products, plant material, bagged masonry goods, tools, and other various landscape and construction supplies. We stock over 30,000 sqft. of Pavestone product, over 400 tons of natural stone, and almost 200 species of zone 8A plant material.

Our team is constantly studying industry trends to make any necessary additions or changes to our product lines in order to bring our customers the highest quality materials available.

Delivery Made Easy

At Outdoor Warehouse, we offer a variety of delivery services to better serve our customer’s needs. We have affordable delivery options with pricing based on location and type of material. Our experienced team of drivers will ensure that the product arrives to your home or job site free of damage.

Please reach out to one of our sales representatives for an accurate quote at (972) 423-4001 or fill out the form below.

How Does It Work?

We will deliver materials in a dump truck, or with a flatbed truck and forklift that will place your pallets where you desire.

We are, however, confided to delivering materials only on paved surfaces that can be accessed by our vehicles. Typically this consists of back alley driveways, front access driveways, and front streets or parking lots.

Our experienced team will work with you to the best of their ability to get your

Will The Truck Fit?

Unfortunately, with trucks, one size does not fit all. While we typically dont have issues delivering to residential properties including alleys and driveways, our trucks do have some size restraints.

Loose dump delivery for less than 5 cubic yards

Our smaller dump truck will need at least 10ft of width and will not fit down any tight driveways or alleyways that are less than 10ft across. We cannot dump material under any covered structures.

Loose dump delivery for 5-10 cubic yards

Our larger dump truck can hold up to 10 cubic yards of material and will need 18ft of width clearance in order to deliver. We cannot dump materials under any covered structures.

Palletized material

Our flatbed truck can be parked on larger streets and the forklift detatches from our truck to place your materials. Our forklift is restricted to needing at least 10ft of width and 11ft of height. We cannot place materials inside most garages or carports.
